

Spoken Tutorials

[Page 2 for College Achievements Click here](#)

Our Computer Science Department Given guidance/ Training for Online Moocs Courses for Different stream students in different software courses. Almost 124 students got certificates through Spoken Tutorials in 2020-21 Academic Year. Sri K T Vijay Naik Sir provided valuable inputs and allotted lab schedules for those students to acquire good knowledge in each course.

What is Spoken Tutorial?

Spoken Tutorial is a multi-award winning educational content portal. Here one can learn various Free and Open Source Software all by oneself. Our self-paced, multi-lingual courses ensure that anybody with a computer and a desire for learning, can learn from any place, at any time and in a language of their choice.

The learning can happen in an organised manner as well. Faculty in institutes can organise their batch of students into groups, who will learn a particular software course for an entire semester. The ST course can be mapped to the Course/Lab manuals and systematic learning can take place. If the academic timetable permits, then a single student can learn upto 3 different ST courses in one semester during the designated academic Lab hours.

End-of-Course online tests and certificates are available for those who wish to test their expertise in a particular software. These certificates give an edge to students during placement by increasing their employability potential. For more details, please write to contact [at] spoken-tutorial [dot] org

Or visit https://process.spoken-tutorial.org/index.php/Software-Training#Contacts_For_Training and contact the respective State Training Managers.

We (Spoken Tutorials) are now partnered with **NASSCOM** – <http://futureskills.nasscom.in/>, We feature as a **Partner Tile** on **NASSCOM's FutureSkills** platform along with NPTEL, Khan Academy, edX, Pearson, etc.

About this project:

The Spoken Tutorial project is funded by the National Mission on Education through Information and Communication Technology (ICT), launched by Ministry of Education, erstwhile Ministry of Human Resources and Development, Government of India.
